ESW welcomes Bonnett's Energy to our family

<**Grande Prairie**> E.S. Williams is proud to welcome Bonnett's Energy Services Trust to the E.S. Williams family. We are proud to support Bonnett's through our service desk and dedicated resources to support their local and field staff in their I.T. needs.

E.S. Williams and Associates Inc. (ESW) is a privately held corporation in Alberta with offices in Edmonton, Grande Prairie, and Calgary providing I.T. Solutions. For more information please see www.eswilliams.com

Bonnett's Energy Services Trust: For over 35 years Bonnett's has developed a reputation for delivering excellent results in down hole operations by combining state-of-the-art equipment and technology with some of the most skilled and knowledgeable operators in the business.

Through our years of experience Bonnett's and our divisions have become recognized industry leaders in our core service areas which include wireline, production and testing, as well as oilfield rental, fishing and pipe recovery.

Since our start in 1972 operating out of Fort St. John, B.C., we have developed, and are proud of, a professional reputation earned by providing excellent services to our clients operating throughout the Western Canada Sedimentary Basin. For more information, see www.bonnettsenergy.com
