

ESW is a Certified Apple Reseller

E.S. Williams (ESW) is proud to announce its recognition by Apple as a Certified Apple Reseller. Apple is selective with whom they partner, and this partnership builds on the continuing efforts of E.S. Williams to provide our clients with expanded, high quality services. Our current and future clients will benefit from this partnership through some of the following:

- E.S. Williams Certified Apple technicians for support and troubleshooting
- Apple reseller pricing for desktops and laptops
- Genuine Apple replacement parts

Contact your ESW Account Manager to find out more about how you can benefit from our partnership with Apple.

Preparing for continued business operations in the event of a pandemic.

Preparing today can help you manage through future potential business interruptions; of which remote access to office systems can be critical:

- Does your business support remote access for employees?
- Do key employees know how to access critical systems (i.e. payroll, sales) remotely?
- Are there mission critical systems that can only be accessed from the office and who can access them? What happens if they are sick?

Contact your ESW Account Manager to find out how we can help you be better prepared!

Happy Holidays and Best Wishes for the New Year!

In a challenging year for many, E.S. Williams continued to grow, and our sincere thank you to our clients for their continued support.

We look forward to strengthening our relationship with you in the year ahead.

Our best wishes to you and your families this holiday season.

***Sincerely,
The E.S. Williams Team***
